

Canton, MI

D-Riven Engineered Solutions is excited to announce a new partnership and marketing collaboration with Jahmyr Gibbs, running back for the Detroit Lions.

Jahmyr Gibbs is a first round draft pick for the Detroit Lions and was named to NFL'S Most Marketable Rookies list by the NFLPA. In addition to being an outstanding athlete, Mr. Gibbs is also an outstanding superstar in his community. His efforts in his hometown of Dalton, GA, as an official ambassador for Family Frameworks, has helped to educate nearly 2,500 teens each year in Murray, Gordon, and Whitfield counties, through classes that create understanding in areas that affect identity and character building, and are designed to help youth learn healthy ways to develop relationships.

With his passion for community, along with his drive and determination for excellence on the field, D-Riven Engineered Solutions is proud to partner with Jahmyr Gibbs.

This partnership is a testament to the commitment of DES to our community, and our joint motivation to give back. D-Riven Engineered Solutions specializes in Designing, Engineering, Fabricating and Integrating equipment and products for the industrial sectors. We take on challenges and solve them proactively using creativity, teamwork and grit.

D-Riven Engineered Solutions takes that same motivation when working with the community and special causes that are close to our hearts. DES has built relationships with the Juvenile Diabetes Foundation (JDRF), Fresh Start Club House of Ann Arbor, University of Michigan Transplant Center and recently have come together to gather Winter Gear for Shelter Association of Washtenaw County and House By The Side of the Road located in Ann Arbor, MI. Together we will make a positive impact and help empower those around us to be driven to make a positive difference in their community.
